

Ham Radio Classes Forming Now!

The Steel City Amateur Radio Club will be holding a *FREE* two day course on Oct 28th & Nov 4th where you can learn everything you need to earn your Technician (entry level) FCC Amateur Radio License. **The Technician Class license is your gateway to the world-wide excitement of Amateur Radio ...**

... And you do NOT need to learn Morse code!

Do You Want To:

- Talk around the world
- Learn how radios, antennas, repeaters, and digital communication works
- Help your community in times of Emergency during earthquakes, hurricanes, tornadoes
- Serve as a trained Spotter for the National Weather Service

What You Will Learn In The Class

- The exciting world of Amateur Radio
- Radio and Signal Fundamentals
- Electricity, components and circuits
- Antennas and Radio Propagation
- Amateur Equipment
- Licensing Regulations
- Operating Regulations
- Electrical Safety
- And much more!

Oct 28th & Nov 4th

With an ARRL VE testing session following the Nov 4th class-Cost \$15

At the Steel City club house located at 208 McMichael Road, Carnegie, Pa, 15106. {Close to Settler's Cabin Park} There is no charge for the class but it is recommended that you study the "ARRL Ham Radio License Manual 3rd Edition" \$29.95 from the ARRL or Amazon websites. The \$15 charge for the VE Testing session get you an FCC call sign and 10 year Tech license.
